

AHK INDIEN TRAINING

Sustainability Due Diligence Intermediate Training

Intermediate Course on Supply Chain Due Diligence

In today's global business landscape, regulations such as the German Supply Chain Act and the European Corporate Sustainability Due Diligence Directive are making **sustainable supply chain practices** not just a legal requirement but also a key business imperative.

The Indo-German Chamber of Commerce's **Sustainability Due Diligence Intermediate Training** offers a concise, impactful learning experience for professionals looking to deepen their understanding and capabilities in implementing due diligence. The **short-term intensive training** focuses on the core aspects of supply chain due diligence, with virtual sessions and self-learning components designed to fit into busy schedules.

The course combines German training and pedagogy standards with a curriculum adapted to the Indian business environment. Participants will gain a solid grounding in the **German Supply Chain Due Diligence Act and the EU Corporate Sustainability Due Diligence Directive (CSDDD)**, as well as practical strategies for identifying and addressing risks within their supply chains. The contents and teaching methods enable participants to dive into advanced concepts and practical applications, fostering professional growth and skill enhancement towards supply chain due diligence.

Benefits

- Enhance your understanding and ability to manage and mitigate social and environmental risks in your supply chain,
- Strengthen your organisation's compliance with international and national due diligence laws,
- Equip yourself with actionable strategies to develop and implement effective due diligence processes.

Who should apply?

- Supply Chain Executives,
- Supply Chain Managers,
- Junior Compliance Officers,
- Procurement Officers,
- Sustainability Professionals,
- Sustainability Advisors,
- Legal Professionals.
